"RSC's grant services have been a tremendous benefit to the Dallas Symphony and to me personally. After experiencing significant turnover in our grant writing position, we sought RSC's guidance and support regarding the best steps forward. Within the first six months of engaging an RSC grant writing professional, our grants program is stronger, we have applied better strategies, and our results have improved by 10%, with new proposals still under review. We are so grateful for RSC's grant services."

- Sarah Whitling, Past Director of Institutional and Board Engagement, Dallas Symphony Orchestra
